

MAGIC POWER TECHNOLOGY CO., LTD.

ADJUSTMENT FOR UKCA MARK

To whom it may concern,

We would like to inform you that due to the registration of the UKCA mark as a trademark by a testing company in Shenzhen, China, and the use of the UKCA mark is indefinitely postponed by the UK Government. To protect our customers' export activities to China, we have decided to continue using the CE mark for new products.

Our current policy for standard products is as follows:

For existing standard products, we will continue using the UKCA mark until stocks are exhausted. Thereafter, only the CE mark will be retained.

As for customized or ODM models, please directly contact us for further arrangement.

We appreciate your understanding and support. Should you have any questions, please feel free to contact us anytime.
