## 500W Industrial PSU and LVD 62368 Safety Certification Approved

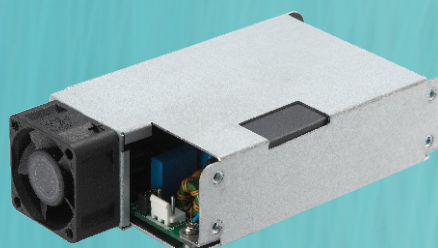

### MPI-G500 Series

- 3\*5" AC/DC open frame
- Fan-cooled 500W power/ convection 300W
- High power density
- 12V, 24V, 48V OPV available & optional +5VSB@2A
- Up to 94% efficiency
- LVD 62368 Approved & designed to meet 60335
- No load power < 0.5W
- Household and Industrial application
- Wide range operating temperature from -20°C~80°C
- L-Chassis design with better heat dissipation
