DC

DC Sourced UPS

MPU-D205, O/P 24V, 200W comes in compact size (2.7 x 5"), much smaller than AC-UPS. It's easy to install in all sort of systems.

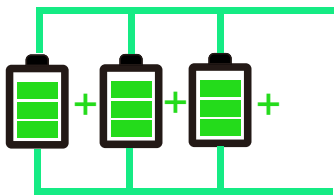

Smooth Power Source

Without Transfer Delay, D205 is perfect for *Precision Instrument and High Risk Applications*, such as Voting Machine, Life Support, Server etc.

Digital Management

Based on USB miniB, it provides digital interface for *Easy Monitoring UPS Performance*. Battery Capacity, O/P Voltage, Overload Warning..... All *Live Feedback* are shown in a simple GUI. Contact us for detail functions.

Lead-Acid Battery Module

D205 uses *Lead-Acid Batteries(24VDC)*. It has auto-charge function and over-charge safety proof. Depending on system, *batteries can be expanded for desired back-up time*. (Battery not included)

More new project and upgraded products coming soon.
