[Check out detail specs here!](#)

The J series family is our 2 x 3 inches open framed PSU. MPE-J020 is the latest model, 25W with 4 different outputs of 5V, 12V, 24V, and 48V. LVD 62368 approved and design to meet CB & UL safety approvals. It could be operated in wide temperature range from -20°C to +80°C and altitude 5000m, which is suitable in most of the extreme environments. For example, it will fit in perfectly for outdoor instruments and portable devices.

Different Pin Selection

We also offer different pin connector

- I/P: 85-264VAC
- O/P: 12V, 24V
- Wide temperature
